Territorial Acknowledgement

The University of Alberta respects the sovereignty, lands, histories, languages, knowledge systems and cultures of First Nations, Métis and Inuit nations.

The University of Alberta and its buildings, labs, and research stations are primarily located on the traditional territory of Cree, Blackfoot, Métis, Nakota Sioux, Iroquois, Dene and Ojibway/Saulteaux/Anishinaabe nations; lands that are now known as part of Treaties 6, 7 and 8 and homeland of the Métis.

FIND YOURSELF.

HERE.

What happens next is all about you.

Discovering who you are and who you want to become doesn't just happen in the classroom. Our vibrant, supportive community will open you up to opportunity, cultivate your passion and challenge you to believe in your own greatness.

We know you're capable of big things. Great things. Brave things! Because that's how the U of A started over 100 years ago – with students who didn't have all the answers, but were ready to do whatever it took to find them.

Today, we continue that legacy, seeking out challenges so we can create change. We collaborate and integrate. We overcome barriers so our ideas can collide and grow. We lead with purpose, together.

Are you ready?

WHICH U of A CAMPUS FITS YOU BEST?

When you apply to the U of A, one of the first things to think about is where you'd like to study. The U of A is one university made up of three campuses: North Campus, Augustana Campus and Campus Saint-Jean. All are recognized for global academic excellence, exceptional faculty and high-impact research.

But when it comes to location, program types and daily student life, there is a lot that sets these campuses apart from one another. Do open spaces and small class sizes appeal to you? Or are 150+ buildings, a bustling campus and coffee galore more your vibe? Peut-être préférez-vous apprendre en français!

Choice means there is a U of A campus right for you. Explore what each one offers on these pages, visit in person and then make the call — **where do you see yourself building your tomorrow?**

FIND YOURSELF... HERE

NORTH CAMPUS

Nestled in the heart of Edmonton and alongside our breathtaking river valley is our main teaching campus. North Campus is steeped in over 115 years of history and home to some of the most advanced research, technology and teaching facilities in the world.

HERE

AUGUSTANA CAMPUS

As one of the few liberal arts and sciences campuses in Canada, our Augustana Campus in Camrose will help you confidently design a rewarding future. Led by a unique course schedule, studying here promises an innovative, experiential and life-changing education.

OR HERE!

CAMPUS SAINT-JEAN

Want an immersive cultural experience of learning in French? As the only French-language university and college campus west of Manitoba, Campus Saint-Jean is helping to reinforce Canada's linguistic duality right in the heart of Edmonton's francophone neighbourhood.

CAMPUS SAINT-JEAN

THE U OF A EN FRANÇAIS

At Campus Saint-Jean, French is omnipresent, even outside the classroom. With nine undergraduate programs and two master's programs, it's the best of the U of A — delivered in French! uab.ca/csaj

Book a campus tour at uab.ca/visite to see what life is like here.

Central Edmonton

In the heart of Edmonton's francophone Bonnie Doon neighbourhood you'll find Campus Saint-Jean. Enjoy the immersive environment of learning in French while still being able to easily access all the amenities of North Campus by taking a free 10-minute shuttle ride.

You don't need to venture far to find the Cité francophone, a vibrant hub for entertainment, events and arts and cultural experiences — all in French, of course!

Résidence Saint-Jean

Welcome to a unique crossroads of academic, linguistic and cultural life in Edmonton's vibrant French Quarter. Résidence Saint-Jean features historic architecture; no two rooms are alike, and each one is private. Even better? First-year students have a guaranteed spot in residence!

Get Involved

At Campus Saint-Jean, get ready to expand your degree! Choose from recreational activities like volleyball, soccer, hockey, basketball and drop-in intramural games. You can also join one of our many student groups, like the Association des universitaires de la Faculté Saint-Jean, or participate in academic support like tutoring or our conversation tables.

For more information on studying at Campus Saint-Jean, view our Campus Saint-Jean publication at uab.ca/csajpub

Life-Changing Mentors

Our award-winning professors are committed to developing and supporting the next generation of free thinkers and innovators — like you! Not only will you learn from them, but you will also get the chance to work alongside these leaders in their research labs or participate in their field studies.

Learn by Doing

Our graduates are ranked in the top 100 globally for employability after graduation! You'll stand out from the crowd and practice the skills you learn in class in real-world settings with our co-ops, practicums and internships in every direct-entry faculty. uab.ca/wil

If you love the thought of giving back to the community while drawing real connections to social issues,

look into Community Service-Learning (CSL). You'll gain real-world experience in the nonprofit sector by choosing a placement with a local organization — we have over 220 to choose from! uab.ca/csl

Starting your very first year, you can participate in groundbreaking research with the Undergraduate Research Initiative (URI). Jump into hands-on fieldwork, or lead the way with self-directed summer projects. uab.ca/uri

MARK INTERNSHIP STUDENT

Mark found his purpose at the U of A through connecting with his Filipino heritage and using his Pharmacology education to contribute to communities in need.

“

I have been blown away by the abundance of opportunities available at the U of A, beyond the classroom. I completed a 10-week internship in Tanzania this summer to address health barriers, promote sustainable healthcare systems, and provide medical relief. The U of A's commitment to providing diverse experiences has allowed me to learn about different cultures, connect with amazing people, and push my personal and academic growth to the next level.

Space to Stretch Limits

With help from organizations like eHUB, group projects turn into game-changing products right here on campus! You can also think about trading a classroom for a makerspace like our Student Innovation Centre, Elko Engineering Garage and printmaking and design studios, to name just a few.

RAEGAN STUDY ABROAD

Raegan found her purpose at the University of Alberta by broadening her horizons; she is a U of A Ambassador, plays intramural dodgeball, and is Co-President of Music for Memory, a student group aimed at raising awareness and funds for Alzheimer's and dementia.

The coolest part about studying abroad is seeing first-hand what was taught in class, like visiting the Roman Colosseum! Studying at the University of Alberta allows you to explore all of your interests. While pursuing a science degree, I took a class focused on Art History. All of these opportunities really enhanced my studies and allowed me to learn so much more."

Dig into Research, Literally

Earn credit toward your degree while studying outside the classroom and gaining new worldly perspectives. From a few weeks in a field school to spending several semesters abroad, you can seek adventure! uab.ca/abroad

Exchanging is Life-Changing

Trade in our scenery and take courses for a semester or full year at a partner university — like the University of Wollongong in Australia, an ecologically-designed campus in the foothills of the Mount Keira rainforest that overlooks the Pacific Ocean.

See Where Faculty-led Can Take You

Programs led by a faculty can include study tours, coursework and fieldwork in unexpected places. How about studying ancient tombs at a field school in Thessaly, Greece while completing a course in classical archaeology?

Imagine an International Internship

Choose a four to eight-month work placement with a private company, organization or research project at a university. Researching climate change in the French Alps and Berlin tops our list!

Soar With a Summer Program

Select a short-term summer placement for a few weeks or four months. This could include coursework, an internship or fieldwork — like spending your summer researching the impact of receding glaciers on freshwater quality in the headwaters of the Bow, Sunwapta, Athabasca and North Saskatchewan rivers.

WHAT'S LIVING ON NORTH CAMPUS REALLY LIKE?

Higher GPA, Higher Probability of Fun

Did you know living on campus surrounded by like-minded peers can improve your study habits?! But dorm living is about so much more than that – meet your roommate, make your space a home away from home and create lifelong friendships!

Lister Residence, our first-year dorm, is home to 2,300 students across five buildings. Renovated spaces and large lounge areas encourage group studying and the best kinds of random conversations. This is how you'll build your university community, invaluable throughout your time at university – and beyond!

Get ready to build your social and academic portfolio. First-year students are guaranteed a room if you **apply by April 30!**

uab.ca/residence

Fuelling University Life

Lister and Peter Lougheed Hall residents choose a meal plan as part of their accommodation cost. Translation? More time to focus on your pursuits rather than meal planning, shopping, cooking and washing dishes! You'll enjoy an impressive variety of nutritious options and comfort foods.

Ready, Steady, BaseCamp

Moving out on your own and starting university are two huge life changes, which is why we've designed a special experience to help you with this transition. A week before classes start, you'll move in, meet your floormates, get to know the campus and explore the city. BaseCamp is more than an orientation – it's a headstart on how to excel as a first-year student!

HALEY

NORTH CAMPUS RESIDENT

Outside of her psychology classes, Haley is helping students find their purpose here as a Senior U of A Ambassador. She will continue her role in the community post-graduation as an academic advisor.

“

As someone who came to the University of Alberta from a small town, I was worried it was going to be hard to find my place on such a large campus. I was surprised how welcoming the residence community was and how easy it was to make friends. Living in residence also really helped me integrate into university life without the stress of figuring it out alone, and allowed me to focus on my academics instead of typical responsibilities (like grocery shopping and doing the dishes... the worst!).”

HUNAID

SCHULICH LEADER
SCHOLARSHIP RECIPIENT

As a Schulich Leader, Hunaid found his purpose at the U of A looking for solutions to complex problems. He plans to use his computing science education to one day build a product that brings ease to people's lives.

I never believed I could win such a prestigious award, but I was motivated to apply by my parents' sacrifice of leaving their home in India at such a late age so I could live a better life. If you never dream big and aspire for more, you will never unlock your full potential, no matter how far-fetched it might seem."

FUNDING YOUR FUTURE

A DEGREE IS A VALUABLE INVESTMENT IN YOURSELF AND YOUR FUTURE

But We Know it Comes With a Cost.

You should find our tuition comparable to other top universities in Canada, and financial resources available to offset these costs are plentiful. Whether you need financial assistance from the start or are getting a little short during the school year, we're here to help fund your goals. From awards and scholarships to student loans, bursaries and emergency funding, our advisors are set on guiding you towards the right support.

READY TO APPLY?

Applying to university doesn't have to be complicated – visit uab.ca/apply for answers to frequently asked questions and videos to guide you through the application process.

1. CHOOSE YOUR PROGRAM(S)

Explore and compare program and campus options, take our personalized program quiz, review program requirements and check your eligibility, all in one place: uab.ca/programs. You can also visit uab.ca/averages for admission average range trends.

Set yourself up for application success – watch our videos at uab.ca/apphelp

Apply for Scholarships

After you apply for admission you will receive a unique student number and a Campus Computing ID (CCID) you can use to apply for scholarships. The deadline to apply for scholarships and awards is **January 10, 2024**. uab.ca/awards

Apply for Residence

April 30 is the deadline to guarantee a spot in our first-year student housing. Apply on your application for admission, or at uab.ca/residence

TIP:

We recommend selecting two program choices as priorities on your application for the best chance of receiving an admission offer.

2. SUBMIT YOUR APPLICATION

You can apply to the U of A starting **October 1** of your grade 12 year. As part of the application process, you will report your completed grade 11 and 12 courses and your final marks in these courses, along with any grade 12 courses you are taking and are planning to take. uab.ca/apply

3. UNDERSTAND EVALUATION

Admission to the U of A is competitive and on-going – meaning some students can receive an admission offer as early as October. Admission averages are calculated using the five required courses for your program(s) of choice, informed by the courses and final marks included on your application. Where final Grade 12 marks are unavailable, the final mark in the equivalent Grade 11 course will be used. Admission offers may be based on final Grade 11 marks.

NOTE: Some programs may have additional requirements for admission, such as the Casper test. Refer to Chart 1 on page 32 for more information.

4. CHECK YOUR STATUS

After applying, you will have access to UAlberta Launchpad. Here you can check your application status, submit outstanding documents, update new final marks and review any checklist items for your program. We will also assign you a U of A email address to check for notifications or correspondence. uab.ca/aftapp

If you haven't been offered admission, that's ok! You will have the opportunity to submit new final marks as you complete your courses for re-evaluation.

KEY DATES IN 2024

March 1
Deadline to apply for most programs

May 1
Deadline to accept admission offer
(unless otherwise stated)

5. ACCEPT YOUR OFFER

Once you receive an admission offer, you must accept it and pay the tuition deposit by the deadline stated in Launchpad. Accept your residence offer as well! uab.ca/accept

You will now have access to log into Bear Tracks with your student ID and CCID to accept offers for scholarships and awards. uab.ca/beartracks

6. REGISTER FOR COURSES

Attend a Registration 101 Workshop

Our advisors will help you navigate Bear Tracks and advise you on which courses to take. uab.ca/reg101

Build a Draft Schedule

Before course registration opens, you can prepare by building a draft schedule.* Go to Bear Tracks to browse course options and develop a timetable.

* You will receive access to build your timetable after accepting your offer.

Get Registered

Course registration will open in early April. Be among the first to select your classes by accepting your admission offer.

ENGLISH LANGUAGE PROFICIENCY

You must possess the required level of English Language Proficiency (ELP) in order to be granted admission.* There are several ways to do so. uab.ca/languagereqs

* Excludes programs that require French Language Proficiency (FLP).

Take Note

Alberta Applications: Your final Alberta high school transcripts will be sent on your behalf when you apply through ApplyAlberta.

Out-of-Province Students: Your transcripts may not be transferred automatically to the university. Please ensure they are sent to and received by the University of Alberta. uab.ca/documents

International Students: You must obtain a new study permit for post-secondary studies, even if you already have a high school study permit. uab.ca/studypermit

FACULTY OF SCIENCE		Our Science degrees are customizable – Students can choose from three degree types: a BSc (Major), BSc (Honors) or BSc/BEEd Combined. Each allows students to dive into a field of study and emerge with a degree that provides a holistic understanding of their chosen field.	<p>BSC MAJOR: Students pursuing the BSc Major will follow a program designed to provide a common level of expertise in their chosen field(s) of study. The curriculum offers a blend of structure and versatility, building a strong knowledge foundation for students and the opportunity to design their degree their way.</p> <p>BSC HONORS: The BSc Honors degree is designed for students to reach an advanced level of expertise in their chosen subject area. Students must maintain a higher GPA and complete a capstone or research experience in the final years of their program.</p> <p>BSC/BED: The combined degree is a dual program offered jointly with the Faculty of Education which allows students to focus on teaching science at the secondary level.</p>
