## Bachelor's Programs

- Petroleum Engineering
- Chemical Technology of Organic Substances
- Engineering physics and technology of new materials
- Automation and Control
- Marine Technique and Technology
- Geology and Exploration of Mineral Resources
- Information Systems
- Computer System and Software
- Mathematical and Computer Modeling
- Mathematics & Economics
- Economics
- Management
- Accounting and Auditing
- Finance
- Marketing
- Data Science & Business analytics

## Master's Programs

- Petroleum Engineering
- Industrial Project Management and Engineering
- Geology and Geological Exploration of Mineral Deposits
- Chemical Technology of Organic Substances
- Nanomaterials and Nanotechnology (by industry)
- Material Science and Technology of New Materials
- Offshore engineering and shipping operations
- Control Technology and Electronics
- Computational Neuroscience and Cognitive Robotics
- Project Management
- Business Administration
- Human resource management
- Finance
- Management Accounting
- Computer Systems and Software
- Mathematical and Computer Modeling
- IT Management
- Data Science
- Software Engineering
- Computer Science and Big Data Analytics
- Industrial and System Engineering
- Smart Cities and Smart Systems

## Ph.D. Programs

- Petroleum Engineering
- Metallurgy
- Geology and Geological Exploration of Mineral Deposits
- Petroleum Chemistry
- Nanomaterials and Nanotechnology (by industry)
- Material Science and Technology of New Materials
- Mathematical and Computer Modeling
- Chemical Technology of Organic Substances
- Chemical Technology of Non-organic Substances
- Management
- Project Management
- Business Administration
- Computer Science, Computer Engineering, and Management
