GREETINGS FROM UNIVERSITAS AIRLANGGA

Iman Harymawan, Ph.D

Head of Airlangga Global Engagement

Universitas Airlangga prepares its students for an integrated hard and soft skills learning process of intra-, extra-, and co-curricular elements. Facing many global challenges, Universitas Airlangga encourages the students to be more exposed to the international environment by inviting more international students to participate in programs that are designed for academic and cultural purposes. This catalogue is constructed to meet the demands on information availability regarding the international programs in Universitas Airlangga. It is specifically dedicated to international students who wish to expand their experiences and networking for a study outside their universities according to their interests and needs.

Encountering the current unexpected situation where everyone is trapped in a static movement and depending on a screen to keep connecting to the world, Universitas Airlangga is also utilizing the medium to deliver the programs. Aiming to meet the exposure needs with the limitless platform, all offered programs in 2021 will be conducted online by keep trying to emphasize the essence of the programs.

We do believe that this pandemic will never stop us to learn and to explore new things in order to provide ourselves not only with vitamin and super food but also a brand-new horizon to set us a fresh start with post pandemic in mind. We hope that the offered programs in 2021 will bring more engagement for international academia, students and staff of Universitas Airlangga, also spreading positivity and hope for the world.
