Undergraduate admissions

GENERAL REQUIREMENTS

Courses at the University of Ottawa are given in English, French or both languages. Generally, to be admitted to an undergraduate program, you have to meet the following criteria:

- You have obtained or are in the process of obtaining your secondary school diploma or your country's equivalent diploma.
- You are registered in or have passed at least five courses at the highest secondary school level available to you.
- You are completing all of the prerequisites for the program you are applying for. You must complete all prerequisite courses for a program at the highest secondary school level available to you, unless otherwise indicated.
- You have the minimum admission average required and meet the language requirements.

APPLICATION PROCESS

www.ouac.on.ca

Universities in the province of Ontario, Canada, share an online application system run by the Ontario Universities' Application Centre (OUAC). Here's how to apply:

STEP 1

Complete and submit the OUAC 105 Undergraduate Application for International Candidates form on the OUAC website.

STEP 2

Pay the OUAC application fee.

STEP 3

Go to uoZone, the University's student portal and upload your documents for our Admissions Office using uoDoc. We will send you instructions for accessing your uoZone account within two weeks of receiving your application.

ADMISSION DECISION

uOttawa.ca/students

You'll receive an acknowledgement of receipt by email within two weeks of submitting your application through OUAC. Save it — it contains instructions on how to access the uoZone student portal.

It can take several weeks to review your file and not all admission decisions are issued at the same time. Clearly rank your choices in order of priority (1 being your first choice) if you choose more than one program, as you will receive only one offer of admission (if you are admissible). Check your uoZone account regularly for the status of your admission file.

Admission to the University of Ottawa is limited and requires an excellent academic record. A program's minimum admission average is based on how competitive admission to the program is. There are no entrance exams nor is there automatic access to programs. Admission is not guaranteed even if you meet all the requirements.

RECOGNIZED CURRICULUMS

We accept applications from qualified students completing the International Baccalaureate diploma, the General Certificate of Education (GCE) or an American-patterned curriculum (U.S).

ENGLISH LANGUAGE REQUIREMENTS

If you are applying for a program in English, you'll need to submit your official results in a language test recognized by the University, unless you meet both of these conditions:

- You have completed at least three years of full-time study in an institution where English is the only language of instruction (aside from language courses).
- The institution where you have studied is located in a country where English is an official language.

REQUIRED ENGLISH LANGUAGE TEST SCORES

Test	REQUIRED OVERALL SCORE	REQUIRED SCORE IN WRITTEN SECTION

(Make sure your official results are sent directly to us online from the test centre. Our institution code is 0993.)

Only language proficiency test results obtained within two years of your application to the University of Ottawa are accepted. Depending on your test results, you may receive a conditional admission offer either requiring that you enrol in one or two ESL courses during your first year or that you enrol and successfully complete our English Intensive Program (EIP). To find out more, visit eip.uOttawa.ca.

Get paid work experience.

Work full time on campus and part time off campus with only your study permit.

Graduate studies

PROGRAMS AND ADMISSIONS

Before you apply, be sure that you meet the program requirements for graduate studies, including the language requirements. Then, read all the steps described and gather all the documents required for admission.

When you're ready to apply, go to the **Ontario Universities' Application Centre (OUAC)**, which is used by all universities in the province of Ontario, Canada.

Master's applicants must hold an honours bachelor's (or equivalent) in a field related to the program for which they are applying. PhD applicants must hold a master's. To find out what degree equivalents you require for your program of interest, visit uOttawa.ca/graduate-studies/int-equivalencies.

It may take several weeks to review your file, and not all admission decisions are issued at the same time. The timing to receive a reply will vary, depending on the program you applied for and the strength of your application.

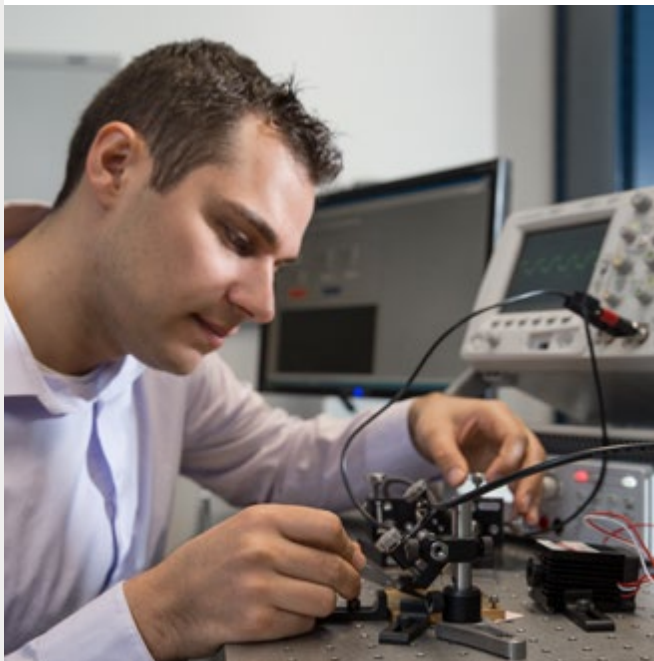

Admission to graduate programs is competitive and not guaranteed even if you meet all the criteria.

Note: It is rare to start your studies mid-program, even if you have completed some program requirements.

THESIS AND RESEARCH SUPERVISOR

Students admitted to a master's program with thesis or research paper, or to a doctoral program, must have a supervisor to guide them in their research and writing. We strongly recommend that you find a supervisor before submitting your application.

STEP 1

View the profiles of professors who do research at the University of Ottawa and more at uOttawa.ca/en/faculties.

STEP 2

Read their profiles to learn about their research and theoretical approaches.

STEP 3

Make the first move: Email a professor to introduce yourself, discuss your research and ensure that the potential supervisor is authorized to supervise your project. Make a good impression by writing in a formal tone. Include information about yourself, such as your areas of interest and their similarity to those of the professor.

STEP 4

Set up a virtual meeting with the potential supervisor to get to know each other and show your interest. Have your CV, notes on your projects and a list of questions ready.

Indigenous affirmation

We pay respect to the Algonquin people, who are the traditional guardians of this land. We acknowledge their longstanding relationship with this territory, which remains unceded. We pay respect to all Indigenous people in this region, from all nations across Canada, who call Ottawa home. We acknowledge the traditional knowledge keepers, both young and old. And we honour their courageous leaders, past, present, and future.
